

RoadtripLog

‘Charity Challenge’ In-A-Box

RoadtripLog provides an on-line environment for groups to participate in a virtual running, walking or biking journey from one city to another. You can create your very own event around one of these journeys as a way to get others in your life involved in a fitness routine and also raise money for your organization!

Included with each Charity Challenge...

- User ID for each participant to log their daily mileage
- Real-time standings of all participants
- Map of the city-to-city course (e.g. Boston to New York, LA to San Francisco)
- Comment board for participants to communicate with others

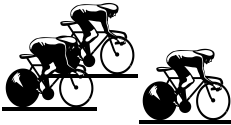

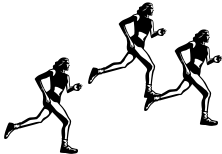

Standard 5-K Road Race		RoadtripLog Charity Challenge
\$\$	Race Director	\$
\$\$\$	T-Shirts	(optional)
\$	Police / Ambulance	-
\$	Insurance	-
\$\$	Post-race Food	-
\$	Port-a-potties	-
\$\$	Facility Rental	-
\$	Awards	-
\$	Water Station Supplies	-
\$\$	Marketing	\$
50-250	Volunteer Hours	5-20

Charity Challenges offer an excellent return as a fundraiser. Roadtrip fees are just \$30 per event and then \$1 for each participant who registers.

Compares these event costs to the costs of a typical 5-K road race. You can see how RoadtripLog can provide a valuable return for your organization’s fundraising efforts/ money.

If you are charging \$5 or \$10 per participant, then a modest size event of 100 people could generate \$500 - \$1000 - and you will keep 75-90% of that revenue!

Contact us today to let us know you're interested in a Charity Challenge...
